

Be Social Kids

Learn how Social Thinking® can help your child at home, school, and in the community

We teach the “WHY” behind social skills

CCL has developed unique programs focusing on helping children understand the “why” behind social skills.

Based on the frameworks of Social Thinking, we help children to navigate their social world by providing concepts and strategies that allow them to understand social expectations, to explore thoughts and feelings, enhance self-regulation, and form connections with their peers.

Our social learning groups are designed for children with social cognitive challenges. Concepts are targeted in each session with opportunities to practice with peers. Weekly communication is provided to help you understand and incorporate the Social Thinking concepts and strategies into your daily activities.

Be Social Team

Our therapists are highly trained in the Social Thinking approach. Ms. Abrams has completed the Social Thinking Clinical Training Program under the direct supervision of Michelle Garcia Winner, SLP. Our programs have been presented at the Social Thinking Global Providers’ Conference in California. CCL has been offering social learning programs for over 10 years. Each clinician is ASHA certified and licensed by the State of Maryland.

Social Thinking® is a term coined by Michelle Garcia Winner, CCC-SLP and represents a coordinated teaching framework of curricula, vocabulary, teaching tools and strategies for individuals aged preschool through adults. Learn more at www.socialthinking.com. This program, including its teacher or leader, is not affiliated with, nor has it been reviewed, approved, or endorsed by Michelle Garcia Winner and Think Social Publishing, Inc.
